Memo

Letter from the Senior Surgeon No 2487 dated the 7th Instant, forwarding for disposal, letter No 475 of the 29th June 1892, from Apstt Surgeon G. L. Lakshmanaswamy praying for promotion from the 3rd to the 2nd grade of Apsistant Surgeons.

1. In Govermt Proceedings No 885-7/4 dated the 5th May 1884, re-organizing the Medical Establishments in the Province of Mysore, it was ruled that Apsistant Surgeons of the Mysore local Service shall consist of three grades: —

I. 3d class Apstt Surgeons on Rs: 100/ per mensem. +50 Allowce

II. 2nd class Apstt Surgeons on Rs: 150/ per mensem. +50 Allowce

III. 1st class Apstt Surgeons on Rs: 200/ per mensem; +50 Allowce

and that the period at the

the end of which an Assistant Surgeon of the 3d grade will be qualified for promotion to the 2nd grade will be, in the case of a Madras M.B. 5 years, and in the case of an L.M.S. 7 years.

2. In Progs: dto 304-6 of the 18th June 1889, the above clause (which formed para 11 of the said Progs:) was modified as follows:—

"The period at the end of which an Assistant Surgeon of the 3d grade will be qualified for promotion to the 2nd grade will be, in the case of a Madras M.B. or Bombay L.M.S. 5 years, and in the case of a Madras L.M.S. 7 years." And with reference to this order, Dr. Lakshmanaswamy has now submitted an applⁿ thro:

For promotion from the 3rd to the 2nd Grade.

Madras MB or Bombay L.M.S. — 5 years
Madras L.M.S — 7 years.

+ dto 475 of 29th June 1892

through the Senior Surgeon for promotion to the 2nd grade of Assistant Surgeons on the ground that the difference between him and a Bombay L. M. S. consists in his not having had a 2nd Course in midwifery, but that, if the Course he attended in that subject in the Madras Medl College during the Sessions of 1877-78, and his experience of 14 years' standing in the Medl line be considered as equal to a Course of midwifery in the Bombay Medl College, he would be on a par with a Bombay L. M. S. Besides, he has a superiority over a Bombay L. M. S. in as much as he has attended Courses of lectures on Comparative Anatomy and Dental Surgery—

- Subjects which are not included in the Bombay Curriculum.

3. The Senior Surgeon supports this applⁿ by expressing that the "Mr. Lakshmanaswamy "makes out a fair case "in favor of a reduction, "if not an abolition, of "the lengthened term of "service demanded from "those possessing the L.M.&S. diploma "of Madras over those "holding the same qualifi- "cations from the Bombay "University, as the difference "between the curricula "of the two Universities is "not very much."

No 2487 dated 7th July 1892.

Submitted for orders.

Pg 3.

From para 2 of Paper No 3a, the Bombay curriculum for the L.M.&S. degree Exn comprises the following addl subjects :— 1. Botany

2. Pathology

3. One course in Midwifery —.

M. Latchmanasami says that one course in Midwifery is the only ~~subject~~ differ- ence between a Bombay & a Madras L.M & S. — I have not been able to get copies of the Bombay & Madras University Calendars. 22/8

Look up please in the Educ Secy's Mem file — 22/8

The appended Statement shews the Curriculum of studies for the Bombay & Madras L.M & S. Degree Exs. Barring the difference in the number of lectures in a few subjects, the Bombay curriculum comprises the following additional subjects: —

(1). One Course in Physiology
(2). One course in Midwifery
(3) Botany
(4). Pathology.

In the draft Notifn put up by the Office, the name of Mr Comer Sheriff is omitted, as no change of appt has been made in his case. As regards Mr Rajaram Rao it is not known whether his transfer from Shimoga to Bangalore has been actually carried out. LL 12/4/01

I believe Mr. Rajaram Rao's transfer depends on Mr. Lakshmanasami's going to Shimoga.

I believe No 4 is not wanted from that Hospital as he is replaced by No 1 who has been recommended for appointment as acting Asst Surgeon Shimoga.

Major Smyth deems it right that a civil surgeon for the Bangalore Jail was indispensable & may write him that if they otherwise he has proposed to ascertain the civil Surgeon's duties & will be in a position soon on the subject. In his letter No 4404 of the 3rd instant (subd herewith for refee) the Senior Surgeon had reported among other postings Mr Lakshmana's posting to the Victoria Hospital for duty. This was not notified as per 2nd (vi) orders thereon.

dated 1st April 1901. the Civil Surgeonship of the Bangalore District was ordered to be abolished. The Order was passed by the Council upon the recommendation of Colonel Benson. Major Smyth however is not in favour of the arrangement, as will be seen from his demi-official letter of the ~~6th~~ 9th April 1901, herewith put up. He had an interview with the 2nd Councillor on the subject, and an official report from him is awaited.

Meanwhile, Major Smyth now says in his present communication that "Assistant " Surgeon Mr.G.L.Lakshmanasamy is ordered " until further orders or pending the settle " ment of his promotion to the Civil Surgeon " -cy of Shimoga, to continue to be in " charge of the duties of the late Civil "Surgeon, Bangalore, under the Senior Surgeon " and Sanitary Commissioner."

2. The Office of the Civil Surgeon, Bangalore, was abolished with effect from 1st April, 1901. Thereafter Mr. Lakshmanasamy was

† Paper S. No 19

allowed to continue to be in charge of the duties of the late Civil Surgeon, Bangalore pending settlement of his promotion to the Civil Surgeoncy of Shimoga. He is now appointed a permanent Civil Surgeon & posted to Shimoga

Shemoga which he joined on the 7th June, 1901.

3. The Comptroller now wants to know whether the acting allowance which Mr Lakshamanacharry was receiving before the abolition of the Office of Civil Surgeon, Bangalore, should be paid to him for the period he continued to be in charge of the duties of that Office.

29/6/01

Subt to Secty

Considering that the post of Civil Surgeon, Bangalore Dt, was abolished from 1st April 1901, it is doubtful whether an acting allowance can be given for the performance of the duties of such abolished appt.

It is true that the Civil Surgeonship of Shemoga was vacant at the time owing to the transfer of Mr Arumugam Mudaliar to the Victoria Hospital. But another Officer (Mr Rajaramrao) was performing the duties of that appointment and drawing charge allce therefor, and two officers cannot draw allowances on account of the same appt. 30/6/01

The difference between me and a Bombay

Bombay L. M. S. Consists in my not having had a Second Course in Midwifery, but if the Course of lectures I attended in that Subject at the Madras Medical College during Session 1877-78 when I was a Medical pupil, and my twelve Years experience in the Medical profession be Considered as Equel to a Course of lectures in the Bombay College, I shall be on a par with a Bombay L. M. S.

Therefore I beg to request that you will be pleased to take my Case into Your kind Consideration and grant me the privilege that the Madras M.B, and Bombay L. M. S. Graduates have of being promoted at the End of the 5th Year of their Service.

For which act of kindness I shall ever feel thankful.

Sir,

I have the honor to submit the enclosed letter No 475 dated 29th June 1892 received from Assistant Surgeon G. C. Tutchimaneadoo, Chief Assistant to the Surgeon and Sanitary Commissioner with the Government of Mysore, for favour of disposal and return of the enclosure referred to when no longer required.

I think Mr. Tutchimaneadoo makes out a fair case in favour of a reduction if not an abolition of the lengthened term of service demanded from those possessing the L. M and S of Madras over those holding the same qualifications from the Bombay University as the difference between the curricula of the two Universities is not very much.

To,

The Senior Surgeon and Sanitary
Commissioner with the Govt. of Mysore.

Sir,

Adverting to Proceedings of the Government of Mysore No. 304-6 dated 18th June 1889, reiling that the period at the end of which an Assistant Surgeon of the 3rd grade will be qualified for promotion to the 2nd grade will be in the case of a Madras M.B or Bombay L.M.S, 5 years, and in the case of a Madras L.M.S 7 years, I have the honor to represent

that though I am a Madras L. M. S. I have attended courses of lectures on the additional subjects prescribed for the M.B Class as seen from the enclosed certificate, which I beg may be returned to me when no longer required.

The difference between me and a Bombay L. M. S as far as the Curriculum of Study of that Medical College is concerned, consists in my not having had a second Course in Midwifery, but if the Course I attended in that subject in the Madras Medical College during Sessions 1877-78 when I was a Medical pupil and my experience in the Medical Profession extending over 14 years be considered as equal to a Course of Midwifery

in the Bombay Medical College I shall be on a par with a Bombay L. M. S. Comparative Anatomy and Dental Surgery are not included in the Bombay curriculum and as I have attended courses of lectures on these subjects I claim superiority to a Bombay L. M. S.

Therefore I request that you will be pleased to give my case your best consideration and grant me the privilege that the Madras M. B and Bombay L. M. S graduates have of being promoted at the end of the 5th year of Service, for which kindness I shall feel thankful.

Sir,

I have the honor to forward for order of Government letter No. 18 dated 9th July 1895, together with the enclosures marginally noted, complaining against the provisions of para 11 of Government Proceedings and order thereon No. 885-74 dated 5th May 1884, whereby aspirants Surgeons possessing the M.B of the Madras, or the L.M and S of the Bombay Universities require a shorter time to serve for promotion than those holding the Licentiate of Madras University

2.- I am of opinion that the time has come when this para might, with fairness to the local Medical Officers and without detriment to the Services of the State, be expunged.

3.- The examinations for all these qualifications are very similar, and there is no such superior knowledge required from those who

who pass for the M.S. of Madras or Lond. of Bombay than from those who pass for the L. M. S. of Madras as to render it desirable to retain the invidious distinction referred to, which is much felt by those possessing the last named qualification, and who, with apparent reason, complain that they have had no opportunity of disproving the assumed inferiority.

4. In 1884 a new service was being formed and, in the absence of the means of selecting officers by competition, no doubt the right thing was done in taking those who held what were considered the higher qualifications, but times have changed since then, the service is now an established one, and the desirability of modifying the provisions of para 11 above referred to, and making appointments solely by competition might be placed before the Dewan.

5. For entertainment in Her Majesty's Indian Medical service there are certain Medical and Surgical qualifications required to entitle a candidate to compete, and if he possesses those, and is eligible in regard to age, health, &c., he is allowed to compete, and his position on the list of successful candidates, assuming that he is successful, is regulated by the marks gained, and his progress and subsequent advancement are determined by his personal merits

Merits irrespective of what his academic
Qualifications may have been at the start, and
I am of opinion that a similar system should
be observed in Mysore.

6.— Finally I would observe that during
the past ten years that I have held administrative
Charge of the Mysore Medical department
the only two assistant Surgeons with whom I
have found fault sufficiently serious to warrant
my bringing it to the notice of Government
have been two possessing the qualification of

From the wording of the order I understand that I am to go there as Asst Surgeon Shimoga District & without any jurisdiction over Chitaldrug District and that I am to draw the same pay and allowance that I now get at Hassan. If it be so, I respectfully beg to ask you what the object is of disturbing me from my permanent place and transferring me Temporarily to that remote Station and thus causing me much inconvenience and pecuniary loss.

Dear Major Smyth,

Your D.O of the 9th current. I am anxious that there should be some finality about Govt. orders. Could you not therefore try to kindly manage to give effect to the order of the 1st instant re the abolition of the Bangalore Civil Surgeoncy &ca., which after careful consideration was passed at the earnest request of Col. Benson who assured me both verbally and in writing that you had approved of his proposals?. A Civil Surgeon for the Bangalore District, when he has no Hospital at Bangalore to be in charge of, seems quite ~~of~~ out of place. The iteneration, supervision and correspondence he has to attend to, are scarcely sufficient work for an officer so highly placed. The difficulty about insurance certificates can, I think be got over by empowering the Resident Surgeon or an Assistant Surgeon to grant such certificates. If you wish it I shall try to get you an Assistant Surgeon instead of ~~an~~ Sub Asstt. Surgeon Please think over the matter and write to the Secretary officially in what respects, if any, you still consider a modification of the arrangement so recently sanctioned, necessary. Dr. Benson seemed positive that a Civil Surgeon for the Bangalore District was, under altered conditions, a superfluity.
